

TOP JOBS: TOP SKILLS AND EMPLOYERS FROM JOB POSTINGS

(Wanted Analytics, August 2015-2016)

This list of professional and technical competencies was compiled using Wanted Analytics, a tool that aggregates information such as skills, earnings and employers from online job postings. Each occupation cluster below includes jobs from the “Top Jobs” lists included in this report. Top posting employers were among those who posted the greatest number of online job postings over the past year for these specified occupations.
